Faculty Information

Classroom Emergency

The emergency procedures in case of critical illness, injury, or death of a student or employee are as follows:

**IMMEDIATELY SUMMON EMERGENCY ASSISTANCE TO VICTIM LOCATION**

1. Dial 9-911.
2. Notify Department of Public Safety at Ext 3232 or (740) 351-3232.
3. Notify the Office of Student Affairs at Ext 3280 or (740) 351-3280 (during regular business hours).
4. File an incident report with Department of Public Safety within 12 hours of the incident.

University ADA Statement to be included on all course syllabi:

Any student who believes s/he may need an accommodation based on the impact of a documented disability should first contact a Coordinator in the Office of Accessibility Services, Student Success Center, Massie Hall, 740-351-3276 to schedule a meeting to identify potential reasonable accommodation(s). Students are strongly encouraged to initiate the accommodation process in the early part of the semester or as soon as the need is recognized. After meeting with the Coordinator, students are then required to meet with their instructors to discuss the student’s specific needs related to their disability. If a student does not make a timely request for disability accommodations and/or fails to meet with the Coordinator of Accessibility Services and the instructor, a reasonable accommodation might not be able to be provided.

Email Account

Each employee is provided an account that grants access to networked computers and printers, library resources, and the SSUnet Wi-Fi network. This account is also your Shawnee State University email account.

The network account is created within 24 hours after receiving notification of your employment from Human Resources.

Your username and email address are created using the first initial of your first name + your last name @shawnee.edu. For example, Teresa Smith will be tsmith@shawnee.edu.

You must activate your account by bringing your staff ID to the ITS Help Desk in person. Your User Name and Password will be provided to you at that time.
FERPA (Notification of Rights under the Family Educational Rights and Privacy Act)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student’s education records.
2. The right to request the amendment of the student’s education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student’s privacy or other rights.
3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.
4. The right to file, with the U.S. Department of Education, a complaint concerning alleged failures by Shawnee State University to comply with the requirement of FERPA.
5. The right to obtain a copy of the University’s student records policy. You can obtain a copy of the policy at [http://www.shawnee.edu/leadership/policies/media/policy-304.pdf](http://www.shawnee.edu/leadership/policies/media/policy-304.pdf)

Confidential student information must not be released to anyone, other than the student, without a written release from the student. FERPA training for faculty and staff is available at [http://www.shawnee.edu/offices/registration/ferpa-training.aspx](http://www.shawnee.edu/offices/registration/ferpa-training.aspx).

**Library Resources & Services**

The Clark Memorial Library provides access to thousands of print and electronic books, periodicals, multimedia, graphics, and video. Our website offers immediate access to our online materials, and the catalog allows you to locate print materials with ease. In addition to our local collections, Shawnee State is a charter member of OhioLINK, providing access to millions of materials from academic libraries across the state.

The SSU Library system interacts in real-time with the OhioLINK system, allowing SSU students and faculty access to many print and electronic materials accessible through OhioLINK,
which includes 50 million books, over 12,000 electronic journals, 56,000 ebooks and millions of other materials held by 91 Ohio colleges and universities.

In a specially arranged agreement with other OhioLINK members, SSU students and faculty can request items from other member libraries to be delivered to the Clark Memorial Library for checkout within four working days – all at no additional cost to you. Just choose the “Request” button in the OhioLINK Library Catalog. For more information, visit our website (http://library.shawnee.edu), the OhioLINK website at (http://www.ohiolink.edu) or contact a librarian.

The SSU and OhioLINK Library Catalogs are openly available everywhere on campus. Faculty may use research databases, online reference tools, and other full-text resources, from off-campus. You will be prompted for your user name and password to access resources.

**Reserves**

At the Service Desk, faculty may place personal items or library materials on Reserve and designate “room use only,” “overnight,” “three-day,” “seven-day,” or “three-week” lending periods. An online course reserve form is also available via the Clark Memorial Library website at http://www.shawnee.edu/offices/library.

**Working with Librarians for your Course**

Liaison librarians have been assigned as designated contacts for academic departments on campus. Liaison librarians are prepared to help you with library instruction, research help, and ideas for integrating library materials into your coursework and to facilitate materials acquisitions.

The library has a strong instruction and research consultation program which enables librarians to provide library instruction for your course. Students are familiar with the Web, but they often need guidance in locating and evaluating resources that are appropriate for college level research. The library staff look forward to meeting and working with you during the academic year. If you’d like to schedule a librarian visit or a visit to the library, please contact your liaison librarian or call &740)351-3323 to get started.

**Classroom Access**

Most classrooms are unlocked during normal class times. If a classroom is locked, call the campus Public Safety office to have it opened.

Department of Public Safety telephone: (non-emergency) 740-351-3243

Directory Information

Shawnee State has designated the following information as “directory information,” which may be freely disclosed without the consent of the student unless the office of the Registrar is notified in writing to the contrary prior to the first day of the fall academic term:

- Student’s name
- Address and phone number
- University assigned email address
- Major field of study
- Class rank (freshman, sophomore, etc.)
- Dates of attendance at SSU
- Date and place of birth
- Degree(s) and awards received
- Participation in officially recognized activities and sports, including weight and height of members of athletic teams
- The most previous educational agency or institution attended by student

No other student-specific information is to be released to anyone, other than the student and SSU staff with a “need to know” without the student’s written authorization. Non-directory information should not be released via the internet or telephone, because the identification of the individual receiving the information cannot be determined. SSU employees desiring access to student information must be briefed on the confidentiality of student information by the Registrar prior to receiving such access. Outside requests for student information should be directed to the Registrar’s Office.

Early Alert Referral System

The Early Alert Referral System is in place to help identify and help students who may be experiencing difficulties and may be at risk of failing classes so that help can be offered to them.
Faculty are encouraged to use the confidential system to refer any student who may be exhibiting any of the following behaviors:

1. Frequent class absences
2. Chronic class tardiness or leaving class early
3. Not acquiring required textbook or other course materials
4. Not bringing required course materials to class (e.g., notebook, lab materials)
5. Disengaged or disruptive behavior in class (e.g., not taking notes, talking, texting, or unwillingness to participate in class discussions)
6. Failure to complete assignments
7. Needs academic help
8. Missing or poor performance on early exams/quizzes
9. Missing, late, or weak effort on early assignments
10. Lack of basic academic skills exhibited on course assignments
11. Change in demeanor
12. Other

Referred students will be contacted by either the Student Success Center (academic) or Student Affairs (non-academic) regarding appropriate resources and assistance.

It is paramount that struggling students be identified as soon as any concern is detected so that there is an adequate amount of time to intervene and help the student. The online form for making such a referral is found at [http://www.shawnee.edu/retention/refer.aspx](http://www.shawnee.edu/retention/refer.aspx) or on the Provost’s and/or Deans’ web pages. Another link to the form can be found under “Bookmark” (in the right margin) on the MySSU faculty page. All referrals will be handled confidentially.

**The Early Alert System is NOT an appropriate method of communication for concerns regarding student’s mental health or safety.** For information on what to do in these circumstances, see the section titled “How to Refer Students with Possible Emotional Difficulties.”

**Faculty ID Cards**

A Shawnee State University identification card is available to all personnel. This card is required for free access to University sponsored activities which include cinema nights, athletic events, dances, etc. Reduced prices may be available in some instances. However, community events held on campus, such as the Community Concert Series held in the SSU Vern Riffe Center for the Arts, are not available at a reduced fee, or free of charge to persons other than students holding valid University identification. Theatre Department presentations may also require the purchase of a ticket.

**How to Refer Students with Possible Emotional/Psychological Difficulties**

When you think a student may be experiencing some emotional difficulties and might benefit from professional counseling, you can refer that student directly to the Office of Counseling and Health Services in the University Center, Room 205.

If at any time, you become concerned for the safety of the student or other students due to verbalizations of doing harm to oneself or others, **immediately** contact the Office of Counseling and Health Services for assistance. Contact Public Safety at (740)351-3232 if there is an immediate chance of harm. If the situation arises after normal office hours (Monday thru Friday, 8:00 a.m. to 5:00 p.m.), contact the Crisis Hotline at Shawnee Mental Health Center (740) 354-1010, explain the situation and ask for assistance.

**When to Refer** – Throughout the year, the Office of Counseling and Health Services receives inquiries from faculty, administrators, and support staff. In many cases, due to the frequent contact they have with students, they have an excellent opportunity to observe students. They may be the first to notice the signs that a student may be in need of a referral for professional counseling. Below are some of the general symptoms that indicate a student may be experiencing some difficulties:

- Marked changes in behavior
- Decline in personal hygiene
- Isolation from others
- Decline in academic performance
- Talks about feeling anxious or depressed
- Makes comments about feeling worthless and things are hopeless
- Exhibits symptoms of stress: headaches, nausea, appetite change or inability to sleep
- Has had traumatic changes in personal relationships such as break-up with a significant other or death in the family
- Exhibits signs of alcohol or drug abuse
- Overly concerned about weight or body image
- Manifests a sudden unwillingness to communicate
- **Makes references to suicide**
- Exhibits disorientation or bizarre behavior
- Exhibits paranoia
- Becomes verbally abusive or physically violent
- **Threatens bodily harm to others**

References to suicide or homicide: ALL suicide threats are to be taken seriously. No matter what the context, a student who talks about committing suicide is at risk and needs to be evaluated by a mental health professional **immediately**.

Threats against others also demand an immediate response. In those instances, Department of Public Safety at (740) 351-3232 should be the first contact to ensure the safety of those involved and determine the appropriate course of action.

Any time you feel concerned about a student’s behavior or emotional well-being, feel free to call the Office of Counseling and Health Services at (740) 351-3608 or stop by to consult with our staff.

**Inclement Weather**

The University has an audible outdoor siren system located on the east and west ends of campus. This system is activated by the National Weather Service when a Tornado warning has been issued for Scioto County. Tornado shelter areas are located on the lowest floor of each academic building. This siren system is tested each Wednesday between 10:00 a.m. and 12:00 noon.

In addition, Shawnee State University has a system to notify the campus community in cases of an emergency, i.e., campus closure, class cancellation due to inclement weather, or a health and safety concern. This attempt to notify you will occur by telephone and email. Shawnee State University or its contractors will not use this information for any other purposes than to attempt to contact you in case of a campus emergency. If you choose to opt-out of this service, you will not be notified via this system when an on campus emergency occurs. You may provide your cell phone or local residence number as well as an alternate number where you can be contacted. If you would like to be notified by email, please include your email address. As your emergency contact information changes, make sure your visit MySSU online to complete an update of your emergency contact record.

In order to provide for physical security of campus buildings and their occupants, and to provide for administration and control of keys, the following policy has been formulated:

**Hours** – The buildings and facilities of Shawnee State University are available for general use by University employees and students for educational purposes. Each building will be open (outside door unlocked) for business on weekdays on an individual basis, as scheduled classes require.

**Keys** – All employees authorized access to buildings are expected to request and be responsible for their own key(s), and to have on their person their own key(s) in order to unlock doors where and when they are authorized. Maintenance and Department of Public Safety personnel are not authorized to unlock doors for individuals at any time except when approved in advance in accordance with the Space Reservation Policy.
Emergency access – approved through Department of Public Safety via immediate supervisor and/or director. Duplication of keys by anyone other than the Key Control Manager or Director of Facilities is prohibited. Ohio Revised Code Statutes Section 3345.13 states: “No person shall knowingly make or cause to be made any key for any building, laboratory, facility, or room of any college or university which is supported wholly or in part by the State of Ohio, contrary to any regulation respecting duplication of keys adopted by the Board of Trustees of such college or university.”

Key Recipients – Personnel to whom keys have been issued are responsible for:
- Completing and signing a key-issuance record and signature card for every key approved in Facilities Department.
- Maintaining possession and security of any and all keys issued by the Key Control Manager.
- Immediately reporting loss or theft of keys to the Key Control Manager.
- Returning all keys issued by the Key Control Manager before executing final termination clearance.
- If transferring to another University office or facility, DO NOT give your keys to another employee.

Procedure for Obtaining Campus Keys – The requesting employee must execute a Key Request Form and have the request approved by the appropriate vice president or department head. When approved by the Director of Facilities, the appropriate key(s) will be made and the requesting employee will be notified when to pick up the key(s) from the Key Control Manager. See your department secretary for the proper forms and procedures for obtaining your key. Keys are available for pick up Monday–Friday 8:00 a.m.–5:00 p.m. in the Facilities office.

Loss or Theft of Campus Keys – Loss or theft of University keys must be reported immediately to the Key Control Manager by the individual to whom they were issued. The individuals will be charged a fine of $5.00 per key with additional locksmith charges if a core(s) needs replaced. Locksmith charges are $45.00/hour plus parts. Fines must be paid before the individual is issued additional University keys. A receipt will be required prior to a new key issued. Fines for lost keys are payable in the Bursar’s Office.
